Pictures are now available on our Facebook page of some of our members and supporters who recently returned from the hugely successful European Heart and Lung Transplant Games in Lignano, Italy.

Particular recognition must go to long-term participant Ernesto Antonio who was awarded athlete of the tournament! A fantastic achievement.

In recent days, photos and videos from last week have been published on the Games website. You can find them on www.lignano2018-ehlhc.org in the GALLERY menu. And on the EHLHC Facebook page www.facebook.com/EHLHC
